LIVING, DINING, BEDROOM, LIGHTING, OUTDOOR

A WAY OF LIVING

Boffi, De Padova and ADL define a comprehensive and coherent vision of contemporary living rooted in a culture of excellence that brings together architectural rigor, advanced material research and sophisticated manufacturing know-how. This vision is grounded in a strong entrepreneurial and design heritage: Boffi, with over ninety years of history. De Padova, with seventy years of design culture. ADL, with more than twenty years of research and innovation in architectural systems for interiors.

Within this framework, Boffi interprets the most functional spaces of the home with kitchens, bathrooms and wardrobe systems conceived as true domestic architecture, where technology, material research and precise construction establish new standards of quality. De Padova completes this narrative with a sophisticated collection of sofas, tables, chairs, lighting systems and outdoor furnishings, where design, comfort and culture coexist in perfect harmony to create environments that are elegant, measured and timeless. ADL, finally, develops door systems and architectural elements that interpret the partition between spaces as a design opportunity, one that defines, separates or connects environments with lightness, technical precision and a strong aesthetic identity.

Entering a Boffi | DePadova home means immersing oneself in an architectural composition conceived to be lived in. It's a domestic narrative where technology and craftsmanship converge, transforming design into a spatial and sensory experience to create a truly authentic Way of Living.

DE PADOVA HOME COLLECTIONS
THE CATALOGUE

To browse this catalogue does not mean one is simply picking out an object. Rather, it means listening to a story of architecture that is to be lived in, to be experienced. It is the constant search for the perfect balance between comfort and emotion, between design and living. It is the idea of a home that is both methodical and exceptional, which today, in more than fifty countries, continues to speak the same timeless language.

This design vernacular was born in Milan in 1956 from the vision and intuition of Maddalena De Padova and her husband Fernando. Maddalena, through her deep knowledge of Scandinavian, American and Italian design, and combined with her determination, made a significant contribution to the renewal and transformation of the way people experience the home, proposing a lifestyle expressed through a complete and sophisticated design project.

Today, the De Padova collection offers a universe of furnishings that combine timeless elegance, comfort and contemporary design. The line of sofas, with more than thirty models, allows the creation of personalised compositions, perfectly suited to every space and lifestyle. Tables and coffee tables, with more than forty proposals across living, dining and study areas, stand out for their refined materials and design details. The seating collection, with more than seventy armchairs, chairs and stools, combines ergonomics and style, while the lighting collection, with some forty models including suspension, floor and table lamps, creates evocative and functional atmospheres. The collection is completed by a selection of storage units, bookcases and accessories designed to harmonise and enhance every environment through a coherent and refined aesthetic language. Special collections and international collaborations, such as the partnership with Time & Style ēdition, enrich the De Padova catalogue by introducing a Japanese design sensibility and refined artisanal research.

The De Padova collection continues to evolve yet maintains a strong design coherence: objects are conceived to endure over time while elegance, comfort and different cultures coexist in perfect harmony.

LIVING

Spaces of light. The living area becomes a place where the individual object expands into a timeless, coherent and measured design language. Each element originates from a shared principle of essential elegance: materials, proportions and light interact in continuity. It is the «*singularity of the parts within a homogeneous whole*» as Maddalena De Padova observed.

DINING

Refined intuitions, material encounters and a range of engaging lines define the Boffi | DePadova Way of Living. Its architecture moves through rooms without interruption, guided by a cultural and design-driven approach. These are experiential environments, capable of generating inspiration in everyday life.

BEDROOM

Research, concept and design development converge toward a clear objective: creating environments where one naturally feels at ease. Spaces look to the warmth of home, where comfort and quality are integral to the everyday experience. Materials, proportions and details build an essential and understated balance to create well-being.

OUTDOOR

Generous volumes, comfort, intersecting forms, colour and material textures define the outdoor collection. Pieces engage with their surroundings, moving beyond the conventional indoor/outdoor dichotomy. It’s a cross-functional approach to design where open-air living is interpreted with the same sensitivity and refinement as interior spaces.
